FRANCE

WOULD YOU LIKE
TO TAKE PART
IN BLUETEC 2023?

**POLLUTEC, THE LEADING EUROPEAN
EVENT OFFERING THE BROADEST
RANGE OF ENVIRONMENTAL SOLUTIONS
UNDER ONE ROOF, HAS DESIGNED AN
EVENT DEDICATED TO SOLUTIONS FOR
THE SEA AND COASTLINE, TO PROMOTE
A SUSTAINABLE MARINE ECONOMY.**

THIS BRAND NEW EVENT WILL:

- + bring out the specific environmental expertise able to address the sustainability needs of economic and human activities at sea and in coastal areas
- + foster the transition of marine and maritime activities towards greater sustainability

SEA AND COASTLINE

A specific challenge, with real problems highlighted by Pollutec for over 20 years

of marine waste is plastic waste

of France's coastline is retreating under the effects of erosion

of global GHS* emissions could come from maritime transport by 2050

* Greenhouse gas emissions

EXHIBITION SECTORS

COASTAL AREAS AND ACTIVITIES

- Management of risks, pollution and harmful effects in the marine and coastal environment
- Monitoring and protecting biodiversity and marine and coastal ecosystems
- Development of coastal areas and infrastructure

MARITIME ACTIVITIES

- Responsible use of marine resources
- Energy and ecological transition of maritime activities
